STAKECHECK.

PUBLIC-RECORDS REPORT · UNPATENTED MINING CLAIM

Report SC-000001
November 17, 2026

ELP 1

Serial number NV105751351 · Elko County, NV

Claim type	Lode claim	Status per BLM	Active
Date of location	December 22, 2021	Next fee due per BLM	September 1, 2027
BLM field office	Tuscarora Field Office		
Claimant(s) of record per BLM	NEVADA GOLD MINES LLC		

RESULT OF THE EIGHT CHECKS

Red flags found

5 of 8 checks passed

1	2	3	4	5	6	7	8
✓	✓	✓	⚠	✓	✗	✓	⚠

✓ passed ⚠ caution ✗ red flag ⊖ not checked

At least one check found a serious problem in the public record. Resolve the red-flag rows before paying the seller.

What this report is

- A check of what BLM and related public records show on the retrieval dates given.
- A source and a date beside every result.
- “Unable to confirm” wherever the records could not support a statement.

What it is not

- Not title insurance, a legal opinion or a survey.
- Not proof of who owns the claim: names shown are the claimant of record per BLM.
- Not a statement about minerals, value or what is on the ground.

Needs your attention

⚠ **4. Overlapping claims**
Caution

⚠ **8. County recorder index search**
Caution

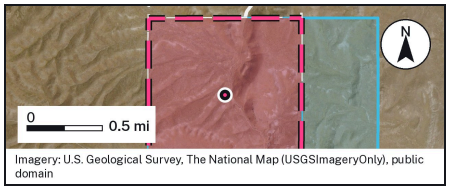

✗ **6. Land manager (surface management)**
Red flag

Details for each are on page 2. “Not checked” means the report could not confirm it: it is not a pass.

Summary of checks

	CHECK	RESULT	FINDING	SOURCE AND DATE
1	**Claim found in BLM MLRS** Does BLM have a record for this serial number, and where is the claim?	Passed	Record found in BLM MLRS: ELP 1 (lode claim), Active. Claim geometry is derived from PLSS aliquot parts and is approximate.	BLM MLRS mining-claims layers Retrieved 11/17/2026
2	**Case status** Does BLM list the claim as active?	Passed	BLM lists the case as Active. Source: BLM MLRS case record and Serial Register Page.	BLM MLRS case record / Serial Register Page Retrieved 11/17/2026
3	**Maintenance fee, current assessment year** Is there a BLM maintenance-fee record for the current assessment year?	Passed	BLM records show a maintenance-fee payment (action 782), status ACCEPTED, dated 06/10/2026, for assessment year 2027 (due 09/01/2026).	BLM MLRS Serial Register Page Retrieved 11/21/2026
4	**Overlapping claims** Do other mining claims overlap this one?	Caution	15 active claims possibly overlap (approximate BLM geometry; verify with location notices/survey). The largest estimated overlap covers about 50.2% of this claim.	BLM MLRS mining-claims layers Retrieved 11/17/2026
5	**Land closed or restricted to mining** Is any of the land closed or restricted to mining?	Passed	No overlap (under 0.5%) with wilderness, study areas, national monuments, closed PAD-US lands, withdrawals or mineral segregations.	BLM NLCS, USGS PAD-US, BLM withdrawals and segregations Retrieved 11/17/2026
6	**Land manager (surface management)** Which agency manages the surface?	Red flag	Most of the claim area appears to be Private land, where locatable mining claims are generally not available (estimated: Private ~50.0%, Bureau of Land Management ~50.0%).	BLM Surface Management Agency layer Retrieved 11/17/2026
7	**Access (advisory)** Does a public road reach the claim? (advisory)	Passed	A public road reaches the claim boundary. Advisory only: verify access with a written access agreement or the land manager.	USGS National Map roads + BLM Surface Management Agency (advisory) Retrieved 11/17/2026
8	**County recorder index search** What is on file with the county recorder?	Caution	Index searched, issues flagged: 2 recorded document(s) tie to this claim in the Elko County index. [Same claim name recorded by different parties] More than one location notice with this claim name was recorded by different parties: Ming Loc Certificate 802783 on 03/15/2022; Ming Loc Certificate 827179 on 10/06/2023. The name alone cannot tell them apart; a person needs to decide which one is this claim, using the date, the legal description and the claimant. Index current through 11/13/2026. This is an index search, not a title opinion.	County recorder index (public portal), compared with the BLM Serial Register Page Retrieved 11/18/2026

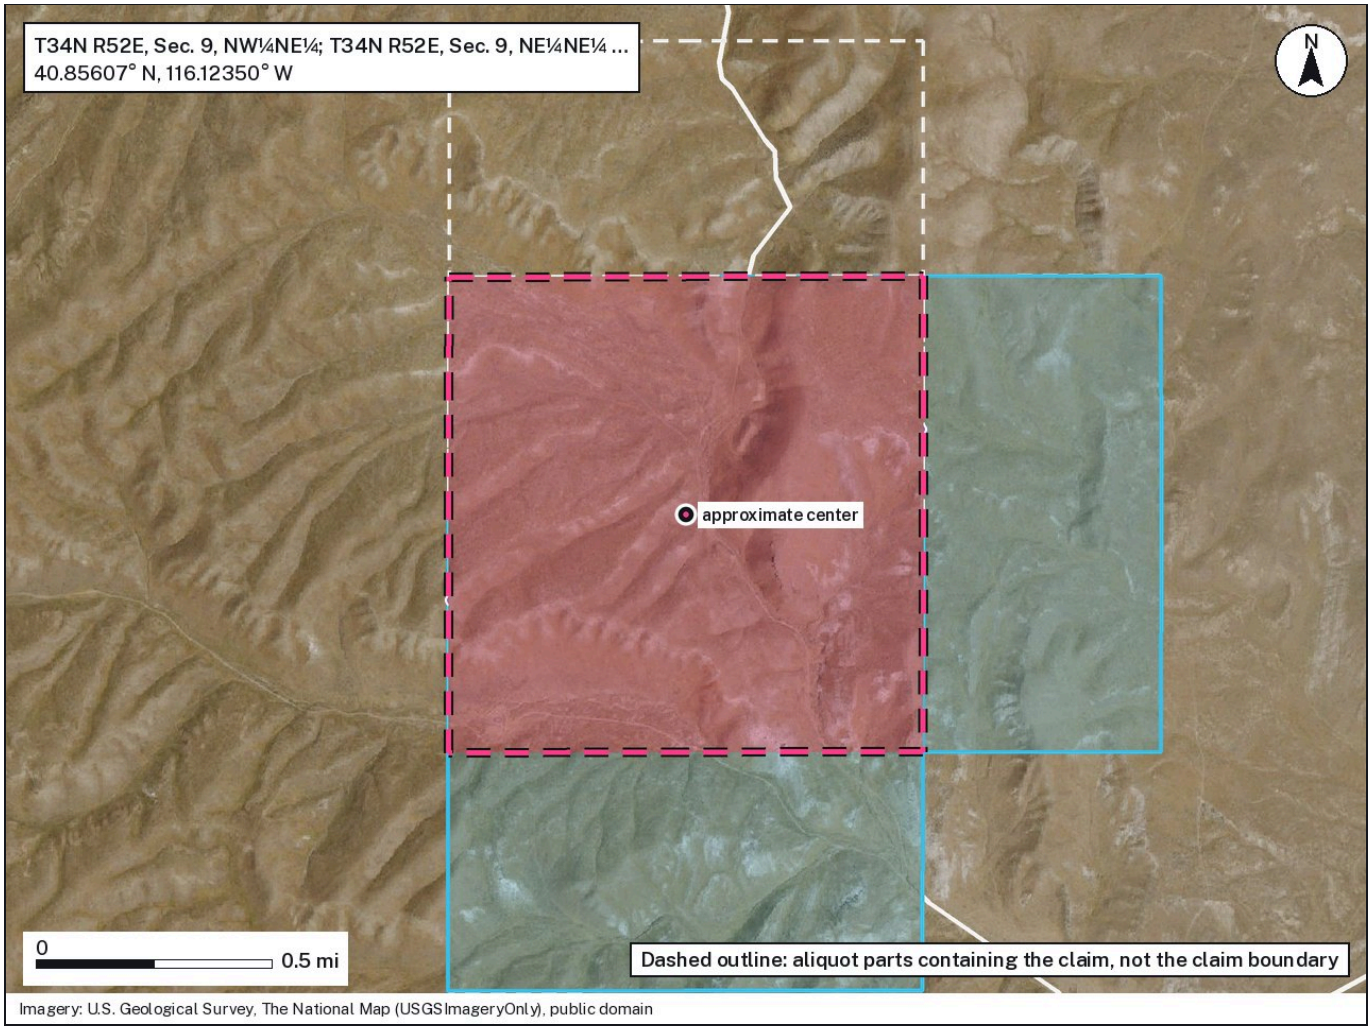

Only “Passed” counts toward the total. Percentages and overlaps are estimates taken from the aliquot parts containing the claim, not from a surveyed boundary.

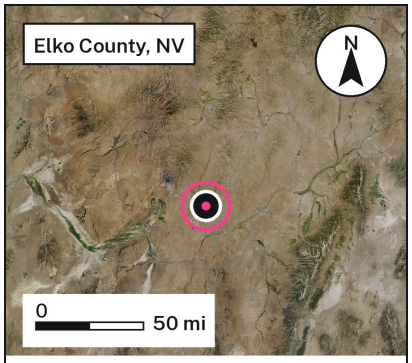

Dashed outline: aliquot parts containing the claim, not the claim boundary.

Centroid	40.85607° N, 116.12350° W
Location	T34N R52E, Sec. 9, NW¼NE¼; T34N R52E, Sec. 9, NE¼NE¼ … Elko County, NV
Recorded acreage (BLM)	20.66 acres

Map and location

Imagery: U.S. Geological Survey, The National Map (USGSImageryOnly), public domain

Imagery: U.S. Geological Survey, The National Map (USGSImageryOnly), public domain

Locator map: Elko County, NV

- Aliquot parts containing the claim (per BLM legal description), not the claim boundary
- Overlapping closed claim
- Sample point, not BLM land
- Overlapping active claim
- Public road (USGS)

Centroid	40.85607° N, 116.12350° W
Location	T34N R52E, Sec. 9, NW¼NE¼; T34N R52E, Sec. 9, NE¼NE¼ ..., Elko County, NV
Recorded acreage (BLM)	20.66 acres

Approximate location. BLM maps this claim from its legal land description (PLSS aliquot parts), not from a survey. The outline shows the whole aliquot parts that contain the claim, so it is much larger than the claim itself. The claim lies somewhere within the outlined aliquot parts; its exact position is set by the location monuments on the ground and the location notice recorded with the county.

Details

Claimant(s) of record per BLM

NAME AS RECORDED	CITY, STATE	RELATIONSHIP
NEVADA GOLD MINES LLC	ELKO, NV	CLAIMANT

Case history (most recent first)

DATE	CODE	ACTION	STATUS
2026-06-10	782	MAINTENANCE FEE PAYMENT	ACCEPTED
2025-06-03	782	MAINTENANCE FEE PAYMENT	ACCEPTED
2024-08-21	499	CURABLE MAINTENANCE FEE	ACCEPTED
2024-06-10	782	MAINTENANCE FEE PAYMENT	ACCEPTED
2023-06-28	782	MAINTENANCE FEE PAYMENT	ACCEPTED
2022-06-13	782	MAINTENANCE FEE PAYMENT	FILED

2 older entries are on the Serial Register Page.

Overlapping claims (estimated)

SERIAL	NAME	STATUS	TYPE	% OF THIS CLAIM
NV102939320	BAR #564	Closed (same footprint)	lode claim	100.0%
NV103047128	GIE 74	Closed (same footprint)	lode claim	100.0%
NV103539442	BAR #619	Closed (same footprint)	lode claim	100.0%
NV101309332	AU # 3	Closed	lode claim	50.2%
NV102329797	GIE 78	Closed	lode claim	50.2%
NV103043868	GIE 76	Closed	lode claim	50.2%

Showing the top 6 of 89 by overlap. Overlaps under 1% of the claim were ignored as geometry noise. BLM maps claims only to the aliquot parts that contain them, so these are possible overlaps only: verify with the location notices and any survey.

Land-status breakdown (estimated)

No overlap found with: BLM national monument / NCA; BLM wilderness; BLM wilderness study area; Authorized/interim withdrawal (locatable minerals segregated); Pending withdrawal (information only); Mineral segregation (locatable minerals); PAD-US wilderness / national park; PAD-US likely closed (verify).

LAND MANAGER	EST. SHARE
Private	50.0%
Bureau of Land Management	50.0%

Method: wilderness, monument, withdrawal and segregation shares are computed by intersecting BLM polygons with the aliquot parts containing the claim (not the claim boundary). Land-manager and PAD-US shares are **estimated** from a sample grid of about 48 points inside the claim.

What to do next

Before you pay the seller or sign a transfer.

1. Get a written access agreement for any route that crosses private land.
2. Confirm the deed or transfer is recorded with the county recorder, and that the recorded names match the claimant of record per BLM.
3. File the transfer with BLM so the case record shows the new claimant.
4. Pay the next maintenance fee by September 1 and keep the BLM receipt.
5. Ask the seller for the location notice, amended notices and any survey or plat; compare them with the map in this report.

County recorder index search

Searched 2026-11-18 by our team: https://records.elkocountynv.net/Landmark/. Index current through 2026-11-13. This is an index search, not a title opinion.

Same claim name recorded by different parties. More than one location notice with this claim name was recorded by different parties: Ming Loc Certificate 802783 on 03/15/2022; Ming Loc Certificate 827179 on 10/06/2023. The name alone cannot tell them apart; a person needs to decide which one is this claim, using the date, the legal description and the claimant.

RECORDED	NO.	TYPE	FROM	TO

Disclaimer

Public-records check as of November 17, 2026. Not title insurance, a legal opinion or a survey. Data sources can be incomplete or delayed.

This report was compiled from public government data on the dates shown beside each check. Outlines show aliquot parts containing a claim, not its boundary. Percentages are estimates. Results marked “Not checked” were not verified. Names shown are the claimants of record per BLM.
